

A school street for...

Cottenham Primary School

What is happening?

Cottenham Primary is considering trialing a School Street on Lambs Lane. This road could become **a pedestrian and cycle zone for a short period** at the start and end of the school day.

We are running an engagement process to hear what families, residents and other users of the road think. As part of the engagement we want to hear from you if this is the right solution or if you would prefer to try other options such as a bike bus or zebra crossing.

Why are we doing this?

Reducing motor traffic creates a healthier and safer environment around the school entrance. It encourages active journeys from a young age. Walking to school helps children connect to their local area and gives them the skills to travel independently to school by the end of primary school.

Where can I find out more?

Further information can be found on Cambridgeshire County Council website at www.cambridgeshire.gov.uk/school-streets

We will be hosting drop-in information sessions at the school and village hall at the times shown below where you can ask questions and have your voice heard.

Alternatively, you can share your thoughts by email:
school.streets@cambridgeshire.gov.uk

How will it work?

Volunteer marshals will place movable barriers at the ends of the School Street zone. They will enable cycles and pedestrians to flow through and can be moved aside for any exempted vehicles to pass. Barriers will be supervised by trained volunteers throughout the time of operation.

Come to an information session:

Tuesday 6 October	8-10 am	In front of Cottenham Primary School
Wednesday 14 October	5 -7.30 pm	Cottenham Village Hall
Thursday 22 October	3.30-6 pm	Cottenham Primary School (school families only due to nature of event)

Cottenham Primary School Street

We would like to trial a School Street on Lambs Lane. This would create a **pedestrian and cycle zone on the road for a short period** at the start and end of the school day. If you are driving to school, we ask you to find a space to park a short walk away. Get in touch to share your thoughts on how this scheme will work.

Following on from the engagement there will be further communication before any scheme is implemented.

Map data from [OpenStreetMap](https://www.openstreetmap.org/)

Residents from within the school street will still have access to drive carefully to and from their homes. A small number of other exemptions will be permitted for essential access.

Temporary barriers will be put in place to enforce the restriction. These will have volunteer marshals present to allow access to those with exemptions. All barriers will be removed when the School Street is not in operation. Can you help by volunteering? Contact the school office if you can support for one session a week.

Cottenham Primary School Street

Mornings 8.20am to 8.50am

Afternoons 2.50pm to 3.30pm
