

## EYFS Phonics Homework for Thursday 14<sup>th</sup> May

Due in Thursday 21<sup>st</sup> May

In class we have been writing simple sentences. We would like the children to write at least three sentences about what they have done over the past week using the format we have practised in class:

### When? Who? What Doing?

For example: *On Monday I went swimming. On Saturday I went to the park. On Sunday I played with my Lego.*

Children should say their sentence first. Write it down and then read it carefully to check afterwards.

Say it	Write it	Check it
		

We **do not** expect every word to be spelt correctly – children should be able to use their phonics to spell a word that we could understand. We would like children to use **full stops**, **capital letters** and **finger spaces**.

We would prefer to see **quality over quantity** and to see where the children have spotted **their own errors and made corrections**. Three careful sentences that have been corrected are preferable to half a page of unclear work.
